## Ace your research paper

---

In this course, students will study and practice the writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Our studies will emphasize effective rhetorical choices, including audience, purpose, arrangement and style. Our primary focus will be on writing academic research essays as a vehicle for learning, communicating and critical analysis.

## Creative Writing

Your inner writer unleashed.

This course is designed to awaken your literary interests, talents, and sensibilities, so that you may develop your abilities and skills as a writer. We will critique our works together in an instructor-facilitated writing workshop, and help one another in our literary awakening and skill improvement. The ultimate goal of the course is for students to have a work of prose or poetry ready to submit to a writing contest of their choosing.
